

**SOP 18-05 Change 5**  
**Workforce Innovation and Opportunity Act**  
**Educational Functioning Level Assessment Policy**  
**Standard Operating Procedures**  
**Grow Southwest Indiana Region 11**  
**Approval Date: 06/22/2018**  
**Revision Date: 01/31/2025**

**Purpose**

To describe the standard assessment procedure for adult education providers and WorkOne/American Job Center (AJC) office staff regarding measurement of Educational Functioning Levels (EFLs), test administration, proctor training requirements, and acceptable testing accommodations. Although WorkOne office staff will not be required to administer EFL assessments, WorkOne/AJC office staff who choose to administer these assessments should adhere to this policy.

**Change 5 Summary**

The following information has been added to this policy:

- A link to the Technical Assistance Guide for Performance Accountability under the Workforce Innovation and opportunity Act (WIOA).
- New tables, TABE CLAS-E Scale Score Conversions to NRS Levels and TABE CLAS-E C/D Scale Score Conversions to NRS Levels;
- Information and website line to staff training and guidance; and
- Additional information regarding test accommodation and accessibility supports.

**Rescission**

DWD Policy 2017-13, Change 4 *Educational Functioning Level Assessment Policy*  
Region 11 SOP 18-05 Change 3 *Educational Functioning Level Assessment*

## **Content**

### ***Need for Assessment Testing***

Educational gain reporting is required by the National Reporting System (NRS), the federal accountability system for the Adult Education and Family Literacy Act, Title II of WIOA. A state's EFL assessment is federally reviewed and approved to ensure that it is suitable to be used when measuring a student's EFL in alignment with NRS guidelines. The state of Indiana has chosen the Tests of Adult Basic Education (TABE), TABE Complete Language Assessment System – English (TABE CLAS-E), and ACT WorkKeys as the approved assessments for measuring and reporting Educational Functioning Levels. These are the only tests to be used for this purpose.

- An overarching goal of adult education programs is to improve the literacy skills of participants. This can be measured through educational gain.
- Ongoing assessment ensures that students are placed in appropriate levels of instruction and are proficient.
- Standardized assessments measure a student's progress, certify mastery at specific levels of instruction, and drive program quality, professional development, and performance targets.
- The implementation of a uniform policy allows for comparability across programs, and with the implementation of performance-based funding, a uniform policy ensures this standardization.
- The assessment must be valid and reliable.
  - Validity is related to the accuracy of measurement – the extent to which the instrument measures what it is intended to measure.
  - Reliability is the degree of consistency in performance on an assessment – the extent to which students would be expected to perform similarly during multiple administrations of the instrument or under different conditions.

### ***Purposes and Use of the Assessment***

- Standardized administration and scoring of the assessment allow for placement and reporting educational gains.
- EFLs are used by adult education providers to evaluate a student's academic progress through regular testing. Additionally, TABE results are used by WorkOne office staff to gauge a customer's basic skills deficiencies, readiness for training, and/or need for referral to adult education.
- The NRS approach to educational gains is to define a set of EFLs in which students are initially placed based on their abilities to perform literacy-related tasks in specific content areas. After a set number of attendance hours in adult education, students are again assessed to determine their skill levels. If a student's skill levels have improved sufficiently to be placed one or more levels higher, the student has achieved a measurable skill gain.

- Additionally, informal assessments such as teacher-made tests, unit tests, and student observations are encouraged to monitor learning and to inform instruction on an ongoing basis.

### ***Summary and Overview of Assessment Testing***

**TABE 11 & 12** are the DWD approved assessment for all students in the state adult education program through June 30, 2025. TABE 11 and 12 measures Education Functioning Levels in three subjects: math, reading, and language. TABE consists of five test levels (literacy, easy, medium, difficult, and advanced), two test forms (11 & 12), and a locator test.

In rare instances a student may not need to be assessed in all areas; however, programs should decide the skill areas most relevant to each student’s needs or the program’s curriculum and assess the student in these areas. Adult education programs will document the rationale for doing so in the student file and WorkOne/AJC office staff will document the rationale in the DWD case management system.

For **WorkOn/AJC**. Eligible test candidates should complete the entire test suite (reading, language, and math) as a pre-test. Testing should be completed within eight (8) consecutive calendar days.

For **Adult Education**, eligible adult education students should complete the entire test suite (reading, language, and math) as a pre-test. Testing should be completed within eight (8) consecutive calendar days. Students who have not attended adult education classes for more than ninety (90) consecutive calendar days should be administered a new pre-test.

For **Youth**, Title I eligible youth requirements mandate that programs serving WIOA Title I eligible youth should administer TABE beginning with the locator test.

- ACT WorkKeys Applied Math forms 014, 015, 016, and 017 are approved for all learners in the state adult education program.
- ACT WorkKeys Workplace Document Assessment forms 018, 019, 020, and 021 are approved for all learners in the state adult education program in Literacy/English language Arts at ABE levels 2-6.
- TABE Complete Language Assessment System – English (TABE CLAS-E, Forms A and B) is approved for all non-English speakers and individuals with limited English proficiency in the state adult education program. through June 30, 2025. TABE Complete Language Assessment System – English (TABE CLAS-E, forms C/D) is approved for all non-English speakers and individuals with limited English proficiency in the state adult education program beginning January 1, 2025.
  - TABE CLAS-E measures the language proficiency of adult ELL students in the areas of reading, listening, writing, and speaking.

- Adult education programs will assess ELL students in at least one or more of the following subjects: reading, writing, or listening. Programs may choose to assess students in speaking but gains made in this subject will not count as gains for NRS or Indiana's performance metrics.

## **General Assessment Requirements**

Whether adult education students take either the TABE, TABE CLAS-E, or ACT WorkKeys assessments, one of the assessments should be administered to the students by the time of official enrollment, defined by NRS as twelve (12) hours of attendance.

Before administering TABE, providers should administer the locator test to determine which level of TABE is appropriate. The "locator test" only applies to TABE.

- WorkOne/AJC – The TABE test suite (reading, language, and math), TABE CLAS-E, or ACT WorkKeys should be completed within eight (8) consecutive days. Individuals who have not made contact for more than ninety (90) consecutive calendar days should be administered a new pre-test; otherwise, with regular contact, the TABE, TABE CLAS\_E, or ACT WorkKeys pre-test results can be used by WorkOne/AJC office staff for six (6) months to gauge readiness for training.
- Adult Education – The TABE test suite (reading, language, and math), TABE CLAS-E, or ACT WorkKeys should be completed within eight (8) consecutive calendar days. Students who have not attended adult education classes for more than ninety (90) consecutive calendar days should be administered a new pre-test.
- Youth – Title I eligible youth requirements mandate that programs serving WIOA Title I eligible youth should administer ACT WorkKeys, TABE CLAS-E, or TABE beginning with the locator test unless other methods are used to determine basic skills deficiency.

## **Guidelines for Administering the Assessment**

- TABE, TABE CLAS-E, and ACT WorkKeys should be taken online or, as a last resort, in paper-and-pencil format. **TABE Level L is only available as paper based.** The test publisher's procedures for virtual testing must be followed.
- WorkOne/AJC office staff, working as partners with adult education will measure and report EFLs in DWD's case management system.
- WorkOne/AJC office staff will enter all required data point in DWD's case management system after the student completes each test.

## ***Proctor Training Requirements***

- WorkOne staff who administer or score assessments are responsible for participating in TABE and WorkKeys assessment training at least annually and per DWD issued guidance.

- New WorkOne/AJC staff will review all training materials available on DWD’s website.
- WorkOne staff will annually review all training materials available on DWD’s website as well as attend locally provided training prior to administering any educational functioning level assessment.
- Regionally designated training staff will provide ongoing training for new staff and refresh the skills of previously trained staff at a local level. Staff who attend these trainings must record who has attended, the trainer(s), and the date of the training at a local level.

### ***Accommodations***

- Fulfilling learner requests for reasonable accommodations, at no cost to the individuals, is the responsibility of the provider delivering the assessment.
- To determine eligibility for accommodations, the provider will follow the test publisher’s guidance.
- Individual customers with disabilities are responsible for providing information and documentation for their disability.
- Provider staff should review documentation, consider needed accommodations, offer counseling to the student, and establish accommodations, when eligible. Accommodation includes extended time, no time limits, pausing, and other reasonable accommodations suggested by a medical professional.

The Rehabilitation Act of 1973 Section 504, the Individuals with Disabilities Education Act of 1997, and the Americans with Disabilities Act of 1990 have provisions related to reasonable testing accommodations for learners with disabilities. Additionally, programs may contact the DRC for full accommodation guidelines.

### **Action**

DWD Policy 2017-13 Change 5 Educational Functioning Level Assessment Policy will be implemented in Region 11 as SOP 18-05 Change 5. Staff using TABE, TABE CLAS-E., and/or ACT WorkKeys to assess educational functioning levels will follow the contents of this policy.
