

INFORMATION AND INSIGHT

from a SWIN Workforce Board Member

WARRICK COUNTY BUSINESS REPRESENTATIVE

MISTY WOLFORD

HUMAN RESOURCES DIRECTOR
ENCOMPASS HEALTH DEACONESS
REHABILITATION HOSPITAL

Human Resources Director with Encompass Health Deaconess Rehabilitation Hospital, Misty Wolford, is a newer member of the Southwest Indiana Workforce Board. She joined the board in September of 2024 as part of the Human Resources committee and is ready and willing to serve her community through the organization.

"It's very fulfilling to know that I can use my talents and expertise for a non-profit," Misty says.

Misty is excited to serve on the board and represent not only Warrick County, but the healthcare industry as well.

"I think that potentially, we could bridge some of that gap between the organization and healthcare entities. I think that both can work together very well to grow some of the needs that we have with nurses," Misty says.

Misty believes in this organizations and the ways that it helps have a high functioning and stable society.

"My drive to join the board was to be a part of that and lend any assistance I could to that. It's our job to help people not only enter the workforce, but stay there," Misty said.

Misty values SWIN Workforce's ability to get out into the community through the Neighborhood Navigators program and provide services for those looking for employment, wanting to upskill, and help in and out of school students.

Misty sees value for the community in the jobs fairs that SWIN Workforce hosts and believes they are invaluable to those seeking employment.

"I think that potentially, we could bridge some of that gap between the organization and healthcare entities. I think that both can work together very well to to grow some of the needs that we have with nurses."

Choosing where to receive care after a life-changing illness or injury is an important decision for you and your loved ones. At Encompass Health Deaconess Rehabilitation Hospital, we are committed to helping you get back to what matters most.
